

SS- Thanksgiving 2020
Testimonials from the different
contingencies attending!
Thank you!

On behalf of the XX Field hockey leadership team and the club, we wanted to send a big thank you for providing a great weekend of field hockey. We were very impressed with how everything was run considering this current environment. We know it was not easy and your staff was very organized and handled things great. Our players and parents had a wonderful time. Thank you again to you and your team for your AWESOMENESS!

CLUB COACH

I want to commend you and your staff at 3 STEP in your efforts and for everything you did to give our athletes a chance to play. There is no normal in this world for anyone right now, and unfortunately kids are the direct victims of that. To be able to go somewhere for just 3 days where the rules were the same and they could just play this game they love was a place of comfort, joy and normalcy for my girls this year. It gave them a chance to smile, laugh and enjoy the gifts they have. They knew that in those 3 days, if they fought hard, they would feel great and get positive recognition for those efforts, and if they had a tough day, they hoped they would get tomorrow to fix that.

PARENT

Our parents, coaches, and players felt incredibly safe and while I know that was constant work for you, it made all the difference. We want you to know it did not go unnoticed. Just to be able to play this Thanksgiving weekend was such a wonderful gift and we thank you for that.

CLUB COACH

I can't tell you how grateful we are for the efforts put behind this year's SS event and how you guys made adjustments to keep everyone safe. From the 10 min between games, 1 spectator per player, to tightening up the schedule, it created a great feeling of space and safety. I spoke to a lot of other coaches and other folks attending and they all felt so happy to be down in VA playing the game we love. The players had so much fun and loved playing.

CLUB COACH

Thank you, you made a lot of players happy to have a sense of normalcy. The weekend was a gift to all for so many reasons. I know it's cliché but the girls getting to play this weekend absolutely helped with their mental health and probably the parents too!

PARENT

Huge thank you for this past weekend/SS. The staff was informative, friendly, knowledgeable and COVID protective. :). The competition is always so impressive. So nice to be part of such a great event! 🙌🙌

PARENT

As usual you and your staff have done a great job especially in these crazy times. Many of us are ex athletes many of us are coaches or parents of athletes. Our lives have been structured around sports. For many of us this was therapy, an opportunity for us to feel a sense of normalcy. Thank you for providing us this opportunity. Lastly your events are steadily becoming family bonding moments and again we thank you.
